

ADMIN&SECURITY

Module	Requirement ID	Requirement	Priority	Acceptance Criteria	Vendor R
Administration	ADM-001	Create/Edit/Disable User Accounts	Must Have	Authorized administrators can create modify disable and reactivate accounts	
Administration	ADM-002	Role Management	Must Have	Roles configurable without source code changes	
Administration	ADM-003	Permission Management	Must Have	Permissions assignable per module screen and function	
Administration	ADM-004	MFA Configuration	Must Have	Administrators can enforce MFA per role	
Administration	ADM-005	Password Policy Management	Must Have	Configure complexity expiration and lockout settings	
Administration	ADM-006	Master Data Management	Must Have	Admin can manage system lookup tables	
Administration	ADM-007	Organization Structure Setup	Must Have	Admin can maintain divisions departments and positions	
Administration	ADM-008	Holiday Calendar Management	Must Have	Admin can create and update holidays	
Administration	ADM-009	Shift Configuration	Must Have	Admin can configure shifts and schedules	
Administration	ADM-010	System Parameter Configuration	Must Have	Admin can modify global settings without coding	
User Access & Security	SEC-001	Role-Based Access Control	Must Have	Access restricted according to assigned roles	
User Access & Security	SEC-002	Multi-Factor Authentication	Must Have	MFA enforced for all privileged users	
Employee Management	EMP-001	Employee Master Record	Must Have	Store complete employee profile	
Employee Management	EMP-002	Dependents Management	Must Have	Maintain employee dependents information	
Employee Management	EMP-003	Education Records	Must Have	Track educational background	
Employee Management	EMP-004	Employment History	Must Have	Track internal and external work experience	
Employee Management	EMP-005	Training Records	Must Have	Track trainings certifications and seminars	
Employee Management	EMP-006	Medical Records	Must Have	Store employee medical information securely	
Leave Management	LEV-001	Leave Application	Must Have	Employees can file leave requests online	
Leave Management	LEV-002	Leave Approval Workflow	Must Have	Approvers can approve reject return requests	
Overtime Management	OT-001	Overtime Filing	Must Have	Employees can submit OT requests	
Timekeeping	TM-001	Biometric Device Integration	Must Have	Attendance data automatically synchronized	
Timekeeping	TM-002	Attendance Processing	Must Have	System computes attendance accurately	
Workflow Engine	WF-001	Multi-Level Approval	Must Have	Support configurable approval levels	
Document Management	DOC-001	Employee Document Repository	Must Have	Store employee documents securely	
Notifications	NOT-001	Email Notifications	Must Have	System sends email alerts	
Reporting & Analytics	RPT-001	Employee Reports	Must Have	Generate employee information reports	
Audit & Compliance	AUD-001	User Activity Logs	Must Have	Track all system activities	
API & Integration	API-001	REST API Support	Must Have	REST APIs available for integrations	
Business Continuity	BCP-001	Automated Backup	Must Have	Scheduled backups executed automatically	
DevOps & Governance	DEV-001	GitHub Source Code Management	Must Have	Code maintained in PCSPC repository
